churches networking to impact our world

the update

Serving Jesus Vancouver Feb 20 -27, 2010

MMBA churches joined with 200 others in serving the city in Jesus' name. During the week, our small team served more than 2000 cups of hot chocolate to public transit employees, cab drivers, and spectators waiting on transportation after the games outside the Pacific National Exposition Center, where figure skating and speed skating events were taking place. We also gave away numerous pocket guides that combined city maps with devotionals and stories of Olympic athletes' relationship with Jesus. Our service gave us the opportunity to share the Gospel with more than 200 people, including a young transportation employee who came to faith in Jesus. Please pray that God will use our encounters with these people from all over the world as seeds that will eventually result in their coming to Jesus.
